11. HARK! THE HERALD

(in D, on A)

Hark! Authorities complain

“Crusties on the street
again!”

They want us to go away

But we will go on each day.

Joyful rebels break the
silence,

Undeterred by any violence

Time for inaction is gone

Business as usual can't go on

There is no uncertainty

This is an emergency.

Hark! We still hear people
say

“Everything will be okay”

They are telling blatant lies

Sing the truth up to the
skies.

Glaciers melting, deserts
forming,

Earth is sending out a
warning.

Time for inaction is gone

Business as usual can't go on

There is no uncertainty

This is an emergency.

Hear oil corporations say

“We get greener day by day”

11

They don't care about the
earth

Only for their own net worth

It's a smokescreen, don't be
drawn in

They are fuelling global

warming

Time for inaction is gone

Business as usual can't go on

There is no uncertainty

This is an emergency.

12. WHITE CHRISTMAS

(in Bb, on D)

We're dreaming of a white
Christmas,

With seasons turning as they
should.

Where we face the crisis,
and polar ice is

Protected, for everybody's
good...

We're dreaming of a white
Christmas,

Where children's futures
look more bright.

May the planet be healthy
and clean

And may all our Christmases
be green.

8. WE WON'T GO UNTIL WE GET SOME

(in F, on C)

We wish to ignore the Crisis,
We wish to ignore the Crisis,
We wish to ignore the Crisis,
But the truth becomes clear!
Dire warnings they bring, to
me and my kin,
We wish to ignore the Crisis,
But the truth becomes clear!
No fossil fuel mining!
For nature we are pining,
For the creatures declining,
As the truth becomes clear!
High tidings it brings, to lap
at your shins
We wish to ignore the Crisis
But the truth becomes clear!
We won't go until we get
some,
Our climate justice MUST
come
We won't go until we get
some!
We'll chain ourselves here.
Dire warnings they bring, to
you and your kin

9

We wish to ignore the Crisis
But the truth becomes clear!

9.DAYS OF CRISIS

(in D, on A)

On the 1st day of crisis my
planet gave to me...

1. A water shortage in our
country.
 2. Failed staple crops
 3. Quick trade laws
 4. High mounting debts
 5. Empty Promises!
 6. State-issued rations
 7. Worse air-pollution
 8. Health-workers striking
 9. Riots in the cities
 10. Bring in the army
 11. Every bank collapsing
 12. Things I fear to mention
- Before the days of crisis,
Please nation show to me,
Your plans for less than 1.5
degrees!

CLIMATE CRISIS CAROLS

1. TURN THIS MESS AROUND

(Tune: Winter Wonderland -
in C, on G)

Sirens wail, are you
listening?
In the sea, plastic's
glistening,
With forests ablaze
We can't stand and gaze,
Gotta turn this global mess
around.
Say goodbye to the old days,
Say hello to some new ways,
Determined and strong
As we go along,
Working hard to turn this
mess around.
Citizens' assembly will
connect us,
And help us make a plan that
is agreed.
Nothing we encounter will
deflect us,

2

People know what other
people need.
After time, we'll remember
How we sang in December,
The effort we made
To face unafraid
What it took to turn this
mess around.

2. DING DONG MERRILY ON HIGH (in Eb, on Eb)

Ding dong merrily on high
The temperature is rising.
All that carbon in the sky,
It isn't that surprising.
Falalalalalalalalalala
Our lifestyles are excessive.
Here we are below, below,
Where life on Earth is dying.
And I know I know I know,
The future's terrifying.
Falalalalalalalalalala
Our lifestyles are excessive.
Pray you dutifully go
And partake in truth telling.
May you beautifully show
Concern for this our
dwelling.
Falalalalalalalalalala
Our lifestyles are excessive.

7. BABY, IT'S WARM OUTSIDE

(in C, on C)

I really can't stay

(but Baby, it's warm outside)

I've got to go away

(but Baby, it's bad to fly)

This protest has been

(Been hoping that you'd lock on)

So very nice

(I'll glue your hands – there's no more ice)

My mother will start to worry

(The children already worry)

I never had a record before

(Listen to the oil rigs roar)

So really I'd better scurry

(Beautiful please don't hurry)

But maybe just a half a chant more

(People got the power and more!)

Policemen might think

(Baby, it's bad out there)

Ask what's in my bag?

(They love to use Section 1)

I wish I knew how

(You're taking a stand now)

To break this spell

(Here take my flag, see, you look swell)

I ought to say, no, no, no, sir

(Those bobbies are moving closer)

At least I'd tell my kids that I tried

(And you'll look 'em right in the eye!)

I really can't stay

(Oh Baby don't hold out)

But baby, it's warm outside.

I simply must go

(But baby, it's hot outside)

The answer is no

(but Baby, it's HOT outside)

Your protest has been

(We're hoping that you'll sit in)

So nice and warm

(Come block a road, we're gonna swarm)

Those hippies do look

suspicious

5. CLIMATE CHANGE IS COMING TO TOWN

(in Ab, on Eb)

You'd better watch out, you better not frack,

You'd better not say it's gas that we lack,

Cos climate change is coming to town.

Coal seam gas is everywhere,

It's easy to frack If you don't really care

Climate change is coming to town.

And everyone's affected, By gas and coal and oil,

There's cleaner, greener ways to live,

So let's leave them in the soil.

You'd better watch out, you'd better not frack,

You'd better not say it's gas that we lack

'Cos climate change is coming to town.
