13 SLEEPWALKERS ALL

(E ♭) (Round, sing as three parts)

Sleepwalkers all
 No / more delusion
 Planet Earth is
 sounding
 Our wake up call

14 IF WE KILL THIS FOREST (A - D)

(Round)

If we kill this forest
 If we desecrate the
 land,
 We might as well be
 cutting off
 Our own right hand /
 For we and the earth
 are one ☐ ☐ ☐,
 Under the moon, ☐
 under the sun.

15 BOUNDARY SONG

(A) (Environment version)
 (Original: Molesworth
 Peace Camp. Arr. Bradford
 Women Singers. New
 verse: Morag Carmichael,
 RV.

You say this land is out of
 bounds,
 Our lives and our futures
 are out of our hands.
 This land is not yours to put
 boundaries around.
 We'll grow and get
 stronger, our voices
 resound.

You build new power
 stations for gas to burn
 You act as if climate
 change weren't our
 concern.
 To give our children a
 future we build our
 campaign
 We'll grow and get
 stronger, our ways must
 change.
 (Repeat first verse)

2 CONSUME DOOM DOOM (A and F)

(Tune: Da Doo Ron Ron.
Words: Camilla Cancantata
and Morag Carmichael)

Walking down the high
street with my take-away
Consume doom, doom,
doom,
Consume doom, doom
Send it to the landfill and
have a nice day
Consume etc.

(ba-du-ba) Yeah, 'twon't
bio-de-grade
(ba-du-ba) Yeah, it's all
man-made

(ba-du-ba) Yeah, the
workers are badly paid
Consume etc.

Take away, throw
away (x 3) Stop!

Walking down the high
street when I saw the light
Consume etc.

Looked into the future and I
had a fright
Consume etc.

(ba-du-ba) Yeah, it's
looking bad

(ba-du-ba) Yeah, the
world's gone mad

(ba-du-ba) What's
happened to the earth we
had?

Consume etc.

Take away etc.(x 3)

Stop!

Now's the time for us to
turn this round

It's our wake-up call, it's
our wake-up call.

Plant more trees instead of

2

cutting them down
It's our wake-up call, it's
our wake-up call.
(ba-du-ba) Let's end this
pollu-ution
(ba-du-ba) That's part of
the solu-ution
(ba-du-ba) And we need a
revolu-ution
It's our wake-up call, it's
our wake-up call

Sustainability,
sustainability,
Biodiversity, biodiversity,
Care for the earth, care
for each other and more!

Walking down the high
street with my spade and
hoe

We plant our own now, we
plant our own

Digging up potatoes and
watching beans grow,

We plant our own now, we
plant our own

(ba-du-ba) Solar panels on
the old town hall

(ba-du-ba) Green jobs
make a living for all,

(ba-du-ba) Working
together is our answer to
that call

It's our wake-up call, it's
our wake-up call.

Sustainability (repeat
chorus)

This is our wake-up call
(x 2)

Here's all the ways that we
can get about
In a carbon neutral society.
Bicycles for all to share,
Public transport
everywhere
Cars running on clean
energy.

Oh there are bike paths
and bus lanes

and dancing in the street
In a carbon neutral society.

How many ways of making
energy

In a carbon neutral
society?

Here's how we make all the
power that we need

In a carbon neutral society.
Windmills turning on the

hill,
Solar power for when it's

still

Geothermal heating, hydro
schemes.

Oh we are cosy and warm
in our insulated homes

In a carbon neutral society.

10 SUN, WIND AND WATER (E)

(Fracking version. Origin:
Shawn Jarrett. Update:
Janet Russell)

Sun, wind and water are
plentiful and they're free

7

So why do we need to go
fracking for energy?
How can the solution be
water pollution?
How can we sanction serial
explosions?

They frighten us by telling
us there's no other way

They're frightened by the
thought that renewables

don't pay

How can business cash in
on water and wind

You can't own the sun - the
supply's ne-e-ver done.

Switch up the heat, pay
the bill

But don't forget that
fracking will kill

(x 2)

6 THOSE WERE THE DAYS (verse starts G)

(Climate version. Tune: Gene Raskin. Lyrics: Julia Clarke and Maggie Sobiech)

Once we gloried in the earth's resources
Helped ourselves to everything we found
Gamblers learnt the game of market forces
Played with euro, dollar, yen or pound.

Those were the days my friend,
We thought they'd never end

We'd sing and dance forever and a day
We'd live the life we choose,
We'd fight and never lose
For we were young and sure to have our way.
(da da dad a da dai etc)

First we heard that temperatures were rising

4

Melting ice and earthquakes, floods and droughts
Gamblers put out stories emphasising
Odds that put this climate change in doubt

These are the days my friend,
And now we must defend
Our planet earth from selfishness and greed.
To save the atmosphere,
We'll shout it loud and clear,
We will not buy more stuff that we don't need.
(da da dad a da dai... etc)

Then we saw how war between the nations
Serves the gamblers' interests very well
Shock and horror's good for corporations
They don't care if we all burn in hell.

These are the days my friend, ...etc

21/11/2015,4:17 PM

Corporate interests rule the politicians
When I buy their products they rule me.
Revolutions start from small beginnings
Forest fires will spread from one small tree.

These are the days my friend, ... etc.(x 2)

7 FRACKING ANTHEM (C)

(By Simon Welsh Poetry, inspired by William Blake's poem 'Jerusalem'. Amended words by RV.)

And did they frack in ancient times?
Poisoning waters, once so clean?
And were their filthy rigs of doom
On England's pleasant pastures seen?

And did a people's movement rise
To drive Cuadrilla from our hills?
And let I-Gas and Rathlin know
To scrap their dark satanic drills?

5

Come join us here and sing your song;
Sing of the country you desire.
Our voices rise! These frackers are wrong.
Let's call the tune now.
We're the Choir!

We will not cease from singing here,
Nor shall we rest till fracking's banned.
Till we have kicked these frackers out
Of England's green and pleasant land.
